

AKLESH

Data Analyst — ML & NLP Enthusiast

akleshmaurya68850@gmail.com — +91 8427114071 — Punjab, India

GitHub — LinkedIn — Portfolio

Professional Summary

Aspiring **Data Analyst** and **Machine Learning Engineer** with hands-on experience in **Python, SQL, Power BI, Machine Learning, NLP, and Deep Learning**. Skilled in data analysis, dashboard development, predictive modeling, and extracting actionable insights from real-world datasets. Passionate about building AI-driven solutions and solving business problems using data-driven approaches.

Technical Skills

- **Programming Languages:** Python, SQL
- **Libraries & Frameworks:** Pandas, NumPy, Matplotlib, Scikit-learn, TensorFlow, Keras, NLTK
- **Machine Learning:** Classification, Regression, Clustering, Feature Engineering
- **Visualization Tools:** Power BI, Tableau, Microsoft Excel
- **Developer Tools:** GitHub, Streamlit, VS Code, Jupyter Notebook

Experience

Data Science Intern — Hanumant Technology Pvt. Ltd

Sep 2025 – Feb 2026

- Processed and analyzed datasets containing **5,000+ records** using Python, Pandas, and NumPy
- Performed data cleaning, preprocessing, and exploratory data analysis to identify patterns, trends, and actionable insights
- Developed interactive dashboards using **Power BI** and **Tableau** for KPI monitoring and reporting
- Worked on Machine Learning, NLP, and Deep Learning based projects using real-world datasets
- Assisted in predictive modeling and data-driven business decision-making processes

Projects

Loan Approval Prediction using Machine Learning

- Developed a machine learning model using **Scikit-learn** achieving **88% accuracy** for loan approval prediction
- Applied preprocessing, feature engineering, classification, and model evaluation techniques

Spam Message Detection using NLP

- Built an NLP-based spam classification model using **NLTK** and **TF-IDF Vectorization**
- Performed text preprocessing and feature extraction to improve prediction accuracy

Hospital Data Analysis Dashboard

- Analyzed healthcare datasets containing **10,000+ records** using Python, Pandas, and SQL
- Designed interactive dashboards in **Power BI** for reporting and analytical insights
- Used SQL queries for data extraction and analytical reporting

Education

Bachelor of Computer Applications (BCA)

Guru Nanak Dev University College Verka

2022 – 2025

Certifications

- Data Science Internship Certificate – Hanumant Technology Pvt. Ltd
- Data Analytics Job Simulation – Forage
- Yuva AI Certification – Coursera

Achievements

- Built **5+ Machine Learning and NLP projects** using real-world datasets
- Developed interactive dashboards and analytical reports using **Power BI** and **Tableau**
- Successfully completed a **6-month Data Science Internship** program
